

Mapping Program

TASMAP

www.tasmap.tas.gov.au

TASMAP's 1:50 000 Topographic Map Series incorporates the best features of the existing 1:25 000 Topographic/ Cadastral and 1:100 000 Topographic Map Series. The 1:50 000 Topographic maps will gradually replace both existing map series as stock expires.

In addition to the 1:50 000 Topographic Series, TASMAP will continue to produce the 1:250 000 series and numerous national park and recreational maps covering the State of Tasmania.

This program is revised periodically and shows maps that are scheduled for production or revision over the next 12 months. This program may change in response to changing priorities and stock requirements.

TASMAP can customise existing TASMAP products or can create a new map to meet client needs.

To purchase or view samples of our products go to www.tasmap.tas.gov.au

If you have any questions or comments related to this program please contact TASMAP as detailed below.
